COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen met in regular session at the Pleasant Valley Grange Hall in West Bethel and acted on a long and varied agenda. Arlan Jodrey served as acting chairman in the absence of Stanley Howe, who was away on vacation.

The Board approved a weapons permit application for Jeff Scribner, signed appointments for Danny Kennagh and Sara Stevens as members of the Community Safety and Law Enforcement Committee, appointed Marcus Moore as a member of the Radio Study Committee, approved a Sewer Study invoice for Dubois and King for the period 3/27/78-5/27/78 in the amount of \$2,780.49, and approved payment to the State of \$1,599 in local State Aid Funds to be applied to the reconstruction of a section of the Sunday River Road.

The Board reviewed a copy of a letter from three families in Albany to the County Commissioners regarding the reconstruction of a section of the Flat Road in the vicinity of the Bethel/Mason/Albany line to eliminate flooding problems. The Board directed the Commissioners on a program to define the town line and correct the flooding condition. John T. Grover indicated that he and James Everett would provide fill material for the project at no cost to the town.

The manager reported that a check in the amount of \$65,000 had been received from the Federal Government as partial reimbursement for construction of the sewer treatment plant in 1973. The Board authorized the manager to repay the outstanding \$41,000 note continued on Page Five

ROTARY CLUB INSTALLS OFFICERS FOR 1978-79

At its regular meeting on Tuesday, June 27, at The Sudbury Inn, the Bethel Rotary Club installed a new slate of officers for the coming year starting July 1. Outgoing president, Raymond Moran, introduced the installing officer, Sam Lowe, secretary of the Rumbold Rotary Club and past District Governor of Rotary International. In addition to the guest of honor, wives and Rotarians who summer in the Bethel area attended this special meeting filling the Sudbury Inn's dining room.

New officers for Bethel Rotary are as follows: President, David Denison; First Vice President, Richard Verville; Second Vice President, Wilfred Conary; Secretary, John Head; Assistant Secretary, George Noll; Treasurer, Robert Crane; Sergeant at Arms, Robert Lowell; Assistant Sergeant at Arms, Edward Quinn; Directors, Roger Conant, Jochen Robiller and Dr. Leonard Shaw.

DOUBLE ATTENDANCE OF YEAR AGO AT SUMMER PLAYGROUND

With the completion of the Playground Program's first week this summer, over 75 children have been registered. This is about double the number over last year.

The week was full of fun and surprises. Play leaders Mike Friel and Judy Olson led the first big softball event in which over 30 children participated. Play Director Gail Sysko got together the children many times during the week for skits and acting out stories. Now there is a play in progress, due to be shown Friday, June 30, at Crescent Park School at 11 a. m. All interested are welcome to attend. The play is about a midwest farmer who couldn't tell a lie, but was given a blue ribbon in the World Champion Liar's Contest.

June 30 also wraps up the first two-week session of the summer program. Those children who would like to attend the second session and are not registered may get their forms at the Town Office. The dates are July 31-Aug. 11.

LOWER SUNDAY RIVER SCHOOL ENTERED ON NATIONAL REGISTER OF HISTORIC PLACES

The Lower Sunday River School in Newry has been entered on the National Register of Historic Places according to Earle G. Shetleworth, Jr., Director of the Maine Historic Preservation Commission whose staff prepared the nomination. This designation is in recognition of its historic and cultural importance as part of the American heritage.

Built in 1895, this modest one-room schoolhouse is a remarkable survival from the period. Though closed as a school over 30 years ago, it has been kept in excellent repair and retains its turn-of-the-century atmosphere through the survival of nearly all of its original furnishings.

Wood and cast iron desks of graduated sizes remain in place, each with a glass ink well. Near the front is a Mason & Hamlin organ, dated "Boston, 1895", in excellent condition. Kerosene lamp fixtures and a Regulator clock adorn the walls as well as portraits of Washington, Lincoln, Longfellow and Coolidge.

One of the last surviving one-room schools in northern Oxford County, this particular example provides an unusual picture of a functioning Maine school as it looked three-quarters of a century ago.

LOCAL MUSEUM OPEN FOR THE SEASON

Cheryl A. Sessions is one of several University of Maine at Portland-Gorham students who have secured summer and fall internships as political science interns. She has been assigned to work with the Maine State Police.

with the Bethel Savings Bank for monies borrowed in 1972 for the construction project.

The Board signed an amendment to the Sewer Facilities Plan Study Contract with Dubois and King. This amendment authorizes the consultant to follow up on the infiltration/inflow work with sewer system evaluation study. This study will include the cleaning and television inspection of two sections of pipe on Main Street, the dye testing of pipe not recommended for rehabilitation or replacement, the identification of sources of inflow from sump pumps, and the preparation of a cost effectiveness evaluation to compare the cost of rehabilitation/replacement/separation to the cost of treating infiltration/inflow for the entire sewer system.

The Board awarded 1978 Hot Top work to the Cianbro Corporation of North Waterford. Work will include the paving of the water line ditch on Chapman Street and the laying of approximately 400 tons of hot top on the Northwest Bethel Road. It is planned that

FIRE MARSHAL'S OFFICE ASKS CAUTION ON JULY 4th

The Maine State Fire Marshal's Office advises caution in using sparklers during the Independence Day holiday.

"Although Maine law was recently changed to allow the purchase and use of sparklers by individuals, it should be remembered that the hazard of sparklers is not the sparks themselves—but the burning composition of the sparklers and the wire which gets red hot," said Capt. Donald M. Bisset, State Fire Marshal, Maine Department of Public Safety.

Bisset said he is "very concerned" about the use of sparklers and urges that there be proper supervision of children who may use them.

"With the exception of sparklers and paper or plastic caps used in cap pistols, all fireworks used by individuals are illegal," said the State Fire Marshal.

The Chapman Street work will start the week of July 10. The Cianbro proposal was \$3.50 per ton less than the proposal submitted by Pike Industries.

A public hearing was held on the adoption of Rules and Regulations for Special Amusement Permits for Licensees under the State Alcoholic Beverages Statutes. Gordon Gillies, local attorney, spoke to the Board and urged them to postpone adoption of the document as he questioned the constitutionality of some of the wording. John Stefanik and Kevin Mermelo also requested the opportunity to submit written suggestions concerning the document. As each party agreed to provide additional information, the Board postponed adoption until their next meeting on Monday, July 17.

Two West Bethel area residents were present and expressed satisfaction with the water system in West Bethel.

In other action, the Board approved updated General Assistance Rules and Regulations, reviewed the May financial statement, reviewed a letter from Dorothy and Gary York concerning the Nathan Nichols lot at the lower end of Main Street, discussed improvements to the Bird Hill Road (off the Gore Road in Woodstock) and directed the manager to define

the road right of way in the vicinity of the Opera House.

Assessors' meetings were scheduled for June 29 and July 5 and the next Selectmen's meeting was set for July 17.

BLAKE TO HEAD PUBLIC TRANSPORTATION COMMITTEE

A public transportation committee will be formed by the Greater Bethel Chamber of Commerce. Richard E. (Sonny) Blake will act as chairman until initial arrangements are endorsed by the members. Blake is executive director of M. S. A. D. #44 transportation, a position which ideally qualified him to consider public transportation problems in the same area as that served by the school district. He is also a past president of the Bethel Jaycees.

The first goal of this committee will involve assembling information on the various bus, air, lease and rental transportation services available or on call to area residents and visitors. Two major terminals of interest to area residents, as expressed to the Chamber, are Portland/Boston and Montreal. In his Chamber of Commerce position, Blake expects to contact scheduled and charter companies as well as work with the Western Maine Transportation Service. Businesses with leased or rental transportation are invited to provide their information, rates and availability.

It is planned to distribute assembled information through business and Chamber information outlets.

MONDAY MORNING FIRE LEVELS WEST PARIS GARAGE

A late Monday morning flash fire in West Paris leveled the Route 219 Garage owned by Frank Perham causing an estimated loss of \$50,000.

Stephen Thorpe of North Paris who was working in the garage at the time of the explosion said that he, Mike Imman and Charles Hawthorne were dismantling a car with a cutting torch when the blast occurred. Thorpe said he immediately looked under the car and saw the fire traveling along the floor under the vehicle.

It was reported that there were several tanks of gas in the building in addition to those used to operate the cutting torches. There were reportedly several explosions during the height of the blaze which shot flames some 100 feet into the air.

Responding to the blaze was the West Paris Fire Department, assisted by units from the Paris and Summer departments, while Norway was on standby at the West Paris station. Norway also sent men to the scene.

There were no injuries, but several firemen sought first aid for burns from the excessive heat.

Several windows were broken at the Perham residence where offices were maintained. Perham said the garage was insured for approximately \$5,000. A large supply of tires, tools and equipment were considered a total loss. He plans to re-establish his business.

the road right of way in the vicinity of the Opera House.

Assessors' meetings were scheduled for June 29 and July 5 and the next Selectmen's meeting was set for July 17.

BLAKE TO HEAD PUBLIC TRANSPORTATION COMMITTEE

A public transportation committee will be formed by the Greater Bethel Chamber of Commerce. Richard E. (Sonny) Blake will act as chairman until initial arrangements are endorsed by the members. Blake is executive director of M. S. A. D. #44 transportation, a position which ideally qualified him to consider public transportation problems in the same area as that served by the school district. He is also a past president of the Bethel Jaycees.

The first goal of this committee will involve assembling information on the various bus, air, lease and rental transportation services available or on call to area residents and visitors. Two major terminals of interest to area residents, as expressed to the Chamber, are Portland/Boston and Montreal. In his Chamber of Commerce position, Blake expects to contact scheduled and charter companies as well as work with the Western Maine Transportation Service. Businesses with leased or rental transportation are invited to provide their information, rates and availability.

It is planned to distribute assembled information through business and Chamber information outlets.

MUNDT-ALLEN UNIT #81 MET TUESDAY EVENING

The regular meeting of the American Legion Auxiliary, Mundt-Allen Unit #81, was held at the Legion Hall on Tuesday, June 27, with four officers and six members present. The main topic of the meeting was the booth for Molykett Day. The booth will be serving hamburgers, hot dogs, and drinks and coffee. It was voted to get all necessary materials for the booth itself. A different roof is needed for protection from the sun or rain. The Legion will repair the roof as they put the booth in place on Friday evening, July 14. Any help on that evening and on Molykett Day will be appreciated.

Jeri Brooks, membership chairman, reported 72 paid-up members for the 1978-79 year, and an application for a new member was accepted.

A report on the convention was given and awards were many. Adeleine Dexter received a commendation for her assistance in the Legislative Program. Sunday River

— Mrs. R. M. Fleet, Corres. —

Eva Yates was in Lewiston and had her eyes checked and one new lens. Say her eye had improved and would improve more in the near future.

Alva Morrison's two boy friends have gone to Vermont. Alva is alone waiting for his parents to come any day.

A pair of eagles flew across the valley the other clear morning. His white head did not show in the sun. It has been quite a while since they have been seen. They used to nest on the ledges back of Gerald Harrington's and been seen a lot.

Hope my best friend can add to this as I can not get her on the phone.

CARD OF THANKS

I wish to thank our prompt and very efficient ambulance service for the attention I received Sunday night, June 18, 1978. The B.E.A.R.S. are great! Also thanks for help and thoughtfulness of neighbors, friends and relatives and all who called and offered help. Also to the very good care I received from nurses and Dr. Wadhwa at Rumford Community Hospital.

DR. HARLAND C. ABBOTT

Dr. Harland C. Abbott of Farmington, died Monday afternoon, June 26, 1978, at Maine Medical Center, Portland, where he had been a patient for three days, following a short illness.

He was born Nov. 5, 1918, at North Woodstock, the son of George H. and Elva E. Abbott. Educated in the schools of North Woodstock and Bryant Pond, he was a graduate of Farmington Normal School in the class of 1939. He received his B.S. and Masters Degrees from University of Maine at Orono; and his doctorate from Harvard University in 1956. He was a member of Phi Kappa Phi, Honor Society at Orono, and Phi Delta Kappa, Harvard's honorary professional fraternity.

He was appointed assistant principal and mathematics and science instructor at the (then) Model School which is now Mallett Elementary School in Farmington. Dr. Abbott effected the gradual transition of that facility from college to town administration.

He began teaching in summer sessions at UMF in the early 1950s and was responsible for the program's growth from an offering of a few courses alternately with the Portland-Gorham Campus to its present comprehensive status.

He joined the staff of the University of Maine at Farmington in 1946, following two years as teacher-principal at country schools in Robinson and Milford, and four years in the U. S. Army, where he served in the Pacific Theater and during the liberation of the Philippines during World War II.

Among Dr. Abbott's major contributions have been his administration of the college's graduate study program from 1964-1969 and his leadership of the processes which led to the UMF's accreditation by the New England Association of Schools and Colleges and by the National Council for Accreditation of Teacher Education. He has also served as Academic Dean, Registrar, Chairman of 14 Commencements and seven Honors Convocations, and as editor of college catalogs and admissions bulletins. For one academic year, he acted as Dean of Women.

He was treasurer of the Franklin County Schoolmasters' Association, president of Franklin County Teachers' Association, deacon and Sunday School teacher at the Old South Congregational Church in Farmington, and an active member of the general Alumni Association at UMF.

Dr. Abbott married Doris L. Howatt, Oct. 24, 1948, and she died Oct. 26, 1969. He married Alma B. Savin, May 12, 1972.

Since his retirement, he had passed the examination for his real estate license for the State of Maine, was on the Board of Directors of the Maine State United Church of Christ Conference, and had been working with the Literacy Volunteers.

He is survived by his widow, Alma Abbott, and a son, David A. Gilmour, both of Farmington; two stepdaughters, Joanne S. Gordon, Farmington, and Judith Massey of Massachusetts; a brother, Herschel, Leverett, Mass.; a granddaughter and a grandson.
